RE: AAHA Accreditation

To Whom It May Concern:

The University of Tennessee, College of Veterinary Medicine is fully accredited by the American Animal Hospital Association. This accreditation includes clinical pathology laboratory services within the Department of Biomedical & Diagnostic Sciences.

Our faculty currently includes three board-certified clinical pathologists. All cytology submissions are examined by one of the board-certified pathologists, or by a resident under their direct supervision.

The Clinical Pathology Laboratory Section Chief (laboratory manager) and three additional staff members are certified American Society of Clinical Pathology (ASCP) medical technologists, and one staff member is an ASCP certified medical technician.

Robert L. Donnell, DVM, PhD, DAVCP  
Associate Professor and Director of Diagnostic Services

Bente Flatland, DVM, MS, ACVP  
Associate Professor and Director of Clinical Pathology Section
