

Canvas Basics

<https://utk.instructure.com/>

- 1. Set course name & image**
 - a. Course name:** Edit course “card” on Dashboard 
 - b. Course image:** Settings, Course Details, Choose Image
- 2. Add instructors to course:** People,  , Choose Login ID (Net ID) *DO NOT USE EMAIL*, Add Users (*NOTE:* Students cannot be added manually—done via registration), Select role, Click Next, Check accuracy, Click Add Users
- 3. Add files:** Files,   , Add folders/uploads, Set availability
- 4. Reduce PPT file size:** *Each Canvas course is limited to 524 MB total space* Click on a picture, Picture Tools, Compress Pictures  , UNCLICK Apply only to this picture, Web (150 ppi) or Email (96 ppi), Save with a different title (ex: Cardiology_1_reduced.ppt)
- 5. Add online quizzes:** Quizzes,  , Adjust preferences (via Details), Add questions (via Questions tab), Save and Publish ONLY when completely finished
- 6. Enter grades:** For *non-online* quizzes and tests: Assignments,  , Adjust preferences (via Details); For Submission Type, choose On Paper; Save and Publish to display in gradebook; Grades (left menu); To hide from students while you enter and double check them, click three dots by assignment name & choose “Hide Grades”
- 7. Add modules:** Modules,  ,  , Select files/quizzes you have already included (you are essentially linking them)
- 8. Carry forward course material:** In the NEW course,  , Content Type (Copy a Canvas Course), Type “VM,” Scroll down to find correct course, Adjust preferences, Import
- 9. See what the students see:** Settings,  Student View (right or bottom of screen)
- 10. Set availability:** Unpublished  vs Published 

Course Status

- a.** Files are published individually.
- b.** Modules are published individually, BUT all items in each module are published together (HOWEVER, if the file is not published in the File section, the student will see the file name but not its contents)
