HOW?

How to Share the Results

- Course Coordinators
 - Share with teaching team
- House Officer Supervisors
 - Share with house officers
- Technician Supervisors
 - Share with technicians

How to Review the Results

- Compare numeric results to previous results and semester means
- Identify strong & weaker items
 - Consider in relation to primary objectives
- Review written comments in light of numeric results
 - Look for patterns
 - Avoid focusing on isolated, irrelevant, or unprofessional comments

How to Use the Results

- Determine 1 or 2 areas for improvement
 - Determine ways to develop these areas
- Summarize in written or tabular form for use in future promotion, tenure, or award applications
- Look for improvement next year!
