

University of Tennessee - Residency in Anatomic Pathology

The University of Tennessee, College of Veterinary Medicine is accepting applications for **one residency position** in anatomic pathology **starting July 1st, 2023**. The successful applicants will join 5 residents, and 11 training faculty including 6 boarded anatomic pathologists and 3 boarded clinical pathologists in the scruffy city of Knoxville, TN located at the base of the Smoky Mountains.

This 3-year residency emphasizes a solid diagnostic pathology foundation for a successful career in Veterinary Pathology and certification by the American College of Veterinary Pathologists. Case material comes from our active necropsy and surgical pathology services. The necropsy caseload is approximately 25% small animal, 35% large animal, and 40% zoo, exotic, wildlife, and lab animal.

Weekly journal club, gross, microscopic, and special topic rounds supplement resident learning. Teaching anatomic pathology to veterinary students, presentations at regional and national meetings, and a small resident project leading to publication is expected of the successful candidate. Following residency, opportunities for advanced biomedical research training leading to a Ph.D. degree are also available through the Comparative and Experimental Medicine graduate program.

Candidates must hold a professional degree from an AVMA accredited institution, be fluent in written and spoken English, have a strong academic record, and have a documented interest in and commitment to pathology. The salary will be approximately \$33,000 with an annual \$500 raise, and the benefits package is competitive. The appointment is renewable on an annual basis (three years total).

Applications should include:

- Curriculum vitae
- Statement of professional goals
- Veterinary school transcript
- Three letters of reference, preferably from board certified anatomic pathologists

Complete applications submitted prior to October 14, 2022 will receive full consideration. Top candidates may be asked to complete a Zoom interview and the successful candidates will be notified no later than November 15, 2022. The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 540/ADA/ADEA employer.

Please send application materials to:
